ABOUT eSM

With over 40 years of expertise in the education sector, we have honed our skills and perfected our electronic School Management Software (eSM Software) to cater to the unique needs of educational institutions.

Vision:

Our journey began with a vision to revolutionize educational management through technology.

Mission:

Our mission is crystal clear: to empower both local and international educational institutions, spanning schools, colleges, academies, and degree-granting organizations.

Pioneer in the School Management System Industry:

- eSM Software proudly holds the distinction of being the first school management system in Pakistan.
- We are more than just pioneers; we are registered with the Pakistan Software Export Board under registration no. Z-25-3815/18, Ministry of Information Technology, Government of Pakistan.
